

- ◆ Position – 3D Artist
- ◆ Experience – 3-4yrs
- ◆ Compensation – Best in Industry
- ◆ Open Positions - 2
- ◆ Location - Gurugram

We're looking for proficient 3D Artists, who can work in a variety of areas such as 3D modeling, texturing, rendering environments, compositing, lighting, and dynamics to create exciting and innovative experiences in 3D. The ability to work within and across large, interdependent teams is a must, so the right person will have an implicit understanding of the balance needed between artistry, communication, and partnership. The ideal candidate will be accomplished in working with a variety of 2D and 3D software packages and demonstrates the ability to raise the quality bar in modeling and texturing static 3D objects. You must be able to build a near-perfect model from just a single or small set of photographs.

### **Eligibility Requirements**

- College Diploma/Degree in graphic design, 3D, video game development or equivalent training.
- Minimum 1 year industry experience in 3D modelling/Design with industry 3D packages, 3DSMax, Photoshop and Clo 3d.
- Knowledge of UV unwrapping and texture and Blend shape.
- Excellent knowledge of real-time modelling techniques (shaders, PBR, normal, displacement etc.)
- Strong portfolio showing 3D art skills and demonstrating a high level of artistic creativity.
- Experience on modelling & design of male/female humanoid.
- Strong high & low-resolution modelling and texturing skills.
- Familiarity with AR mobile application, game development cycle.
- Good understanding of architecture.
- Knowledge of Python, MEL, MAX Script an asset

### **Job Description & Responsibilities**

- Design and build Android mobile applications.
- Collaborate with cross-functional teams to analyse, design, and ship new features.
- Fully responsible for mobile app development in the team
- Build and publish applications in app stores.
- Implement new technologies to maximize application performance.
