

- ❖ Position - UI/UX Developer
- ❖ Experience - 3-5yrs
- ❖ Compensation - Best in Industry
- ❖ Open Positions - 1
- ❖ Location - Gurugram

As a UI/UX Developer, you'll be responsible for creating intuitive and user-friendly interfaces across our web and mobile platforms. You'll collaborate closely with our product manager and developers to understand user needs and translate them into seamless digital experiences. The ideal candidate is passionate about UX/UI design, stays updated on the latest design trends and best practices, and thrives in a fast-paced, collaborative environment.

## **Eligibility Requirements**

- Bachelor's degree in Computer Science, Design, or a related field.
- Experience with front-end development technologies such as HTML5, CSS3, JavaScript, and frameworks/libraries like React or Angular.
- Proven work experience as a UI/UX Developer or similar role.
- Must be familiar with pixel-perfect adjustment .
- Proficiency in design and prototyping tools such as Adobe XD, Sketch, Figma, or similar.
- Visual design skills with sensitivity to user-system interaction is a plus.
- Up-to-date with the latest UI trends, techniques, and technologies.
- Familiarity with responsive design principles and mobile-first approach.
- Knowledge of accessibility standards and guidelines.

## **Job Description & Responsibilities**

- Create responsive HTML using HTML5/CSS3/Bootstrap/SCSS technologies
- Collaborate with cross-functional teams to define and implement innovative solutions for product direction, visuals, and user experience.
- Translate creative software design concepts and ideas into reality using front end technology.
- Validate the technical feasibility of UI/UX designs.
- Optimize application for maximum speed and scalability.
- Execute all visual design stages from concept to final hand-off to development.
- Conceptualize original ideas that bring simplicity and user-friendliness to complex design roadblocks, and research new technologies trends and hacks
- Create wireframes, storyboards, user flows, process flows, and site maps to effectively communicate interaction and design ideas.
- Conduct user research and evaluate user feedback to continuously improve the user experience.
- Establish and promote design guidelines, best practices, and standards.

## **About Us**

We are a women-led e-commerce platform, offering a concept that will revolutionise the online shopping experience. With an estimated launch in 2024, we will provide customers a chance to shop for clothes in a never before seen way. Phase one will focus on launch in the Indian market.
